

BUILD A FOOD ROCKET!

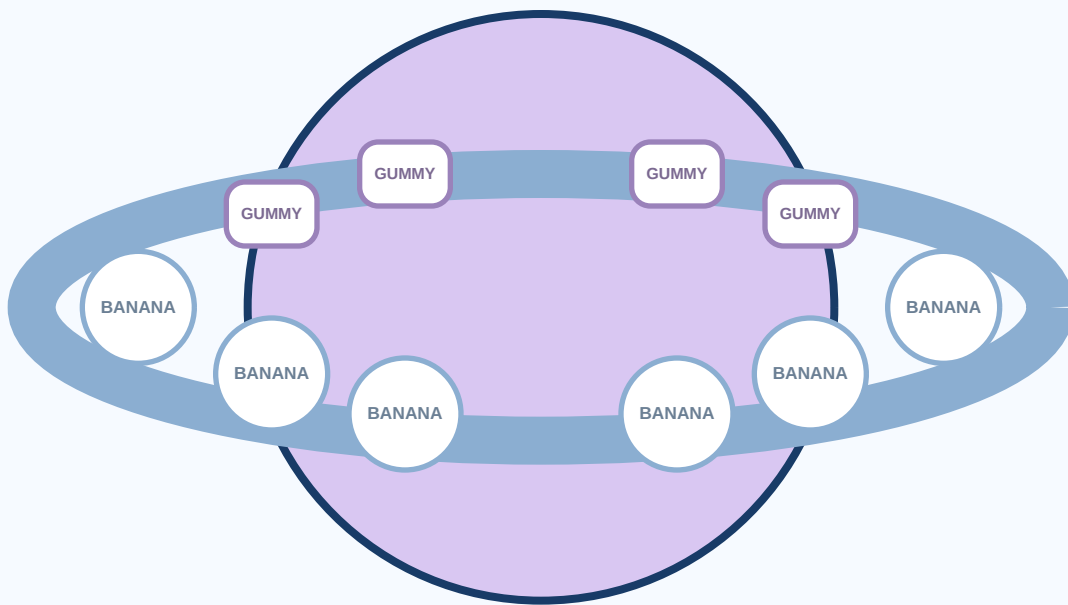

Use banana slices and gummies to finish the rocket.

Mission: Put banana slices on the circles and gummies on the fuel boosters!

MAKE A BANANA PLANET!

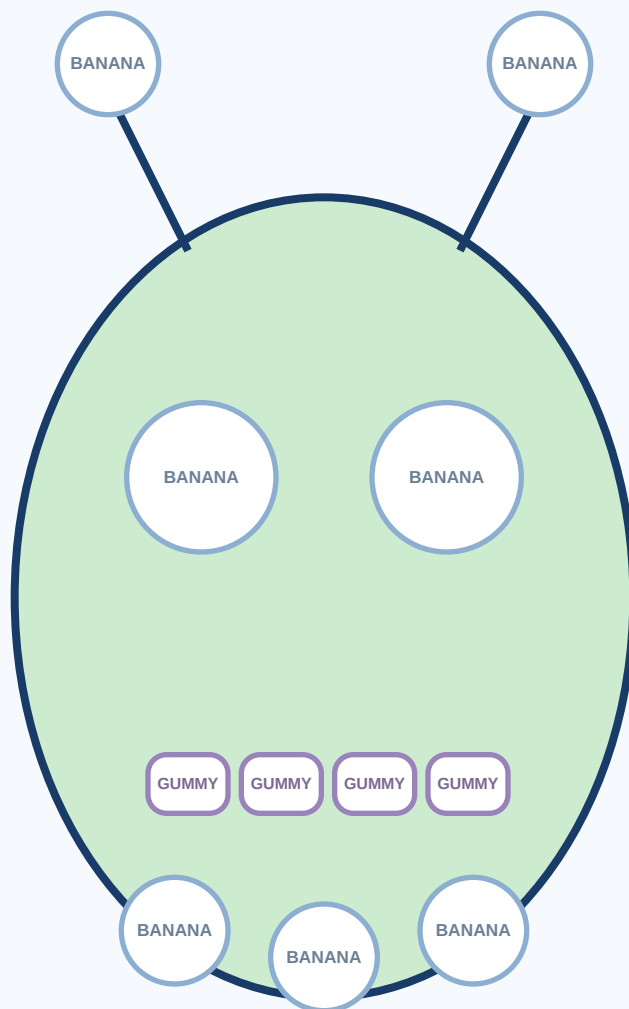

Create Saturn's rings with banana slices and colorful gummies.

Mission: Fill the planet ring. Can you make a banana-gummy pattern?

CREATE A SPACE ALIEN!

Give your alien banana and gummy features.

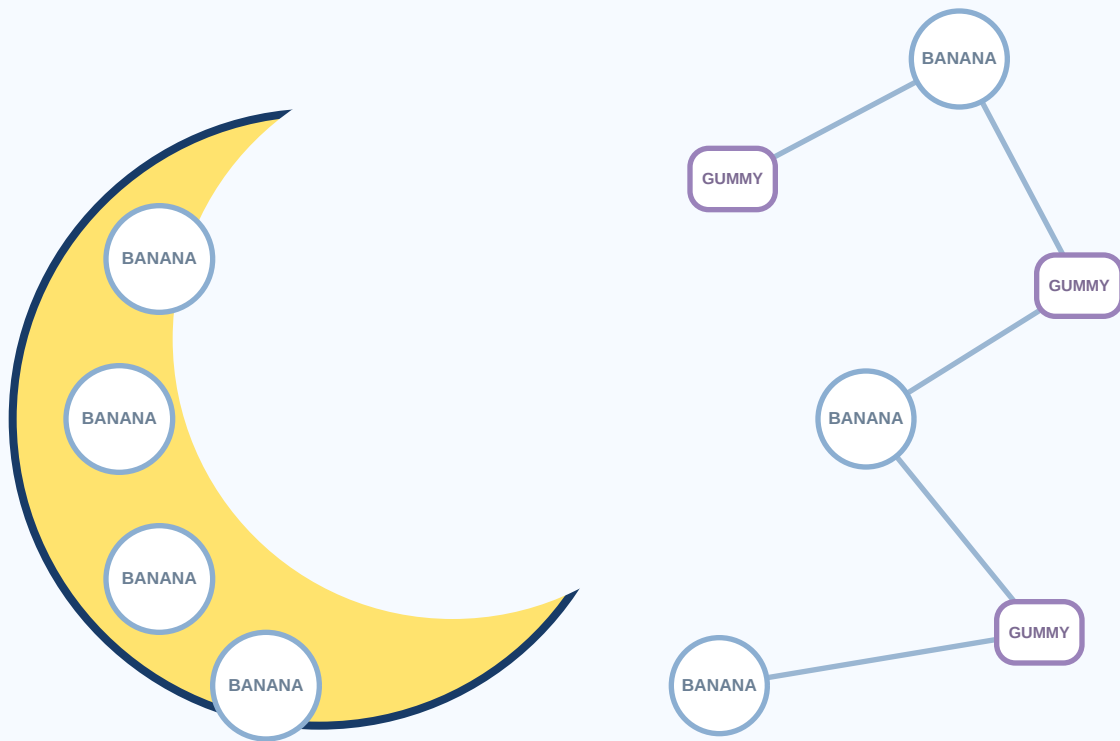

Mission: Make silly eyes, antenna tips, a mouth, and alien spots!

Place foods on the outlined spots. Touching and playing with food counts as exploration!

MOON & STAR SNACK ART!

Build a moon and a constellation with your foods.

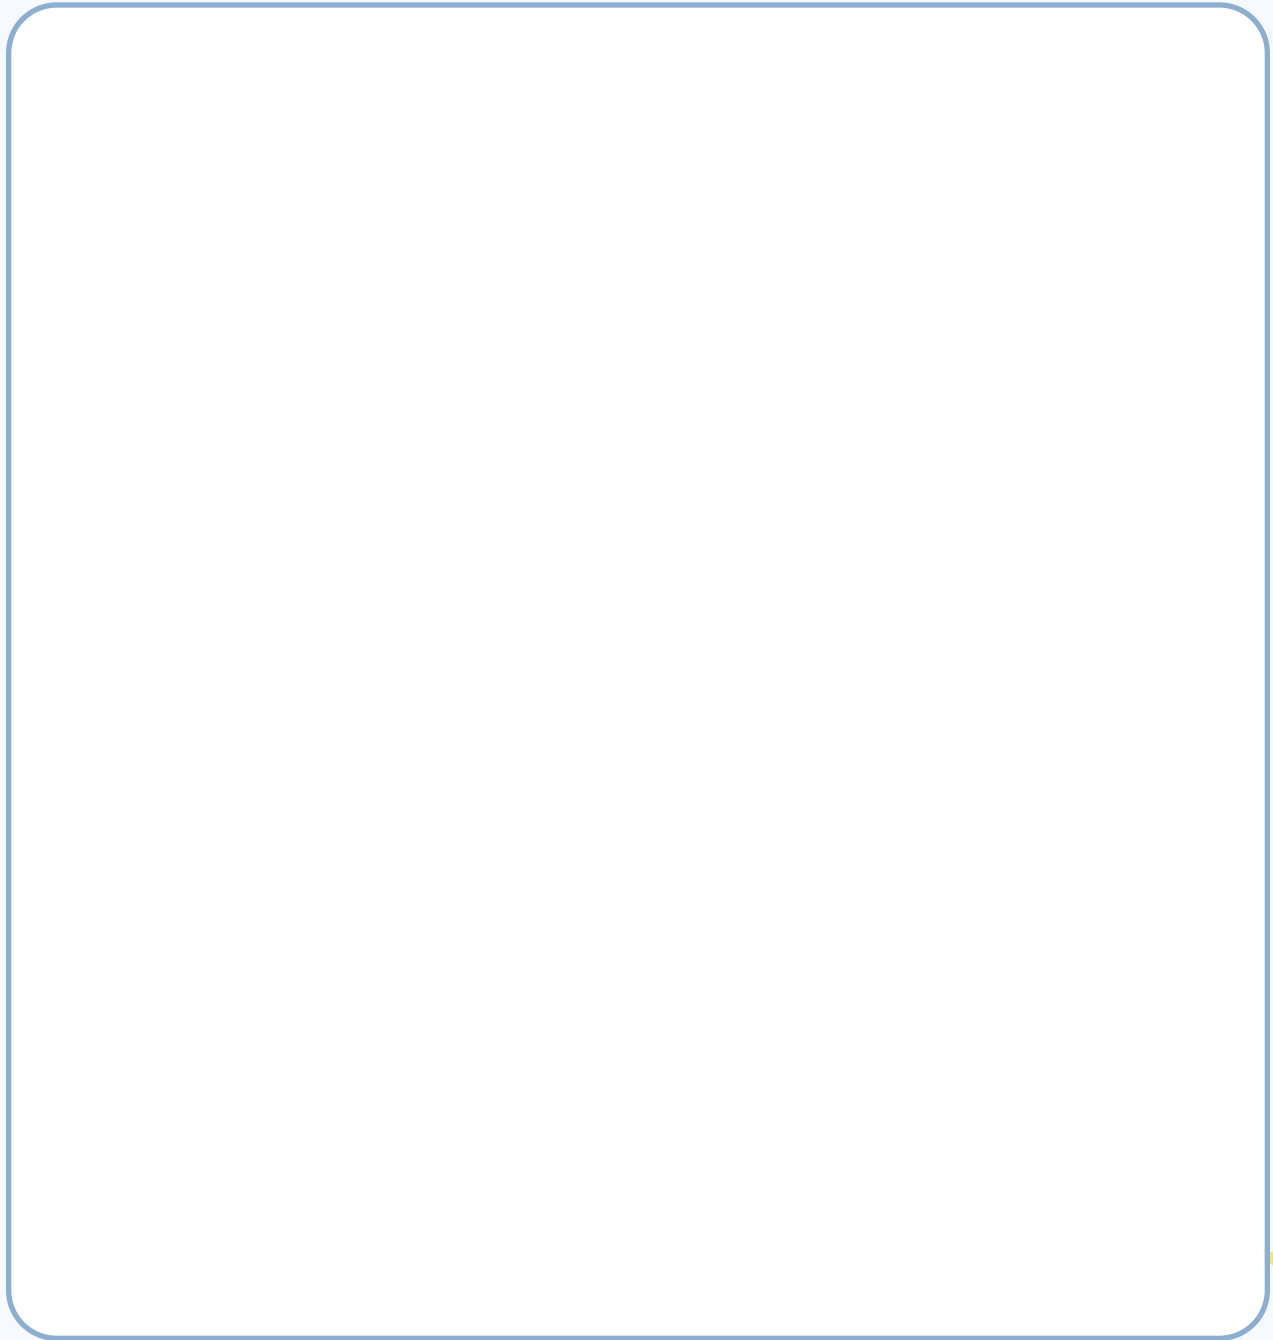

Mission: Cover the moon craters, then connect the snack stars!

Place foods on the outlined spots. Touching and playing with food counts as exploration!

DESIGN YOUR OWN FOOD GALAXY!

Use banana slices and gummies to invent your own space picture.

Ideas: spaceship • shooting star • astronaut • comet • new planet

Place foods on the outlined spots. Touching and playing with food counts as exploration!
